

SEMPER FI

PROPERTY MANAGEMENT

Hello Owners and Board of Directors,

Hopefully this email finds all in good health and great spirits. Well, spring is here and that means spring cleaning. I have been driving the streets and have noticed the following items on homes that need to be serviced:

- 1. Pressure washing of homes, fences and concrete.**
- 2. Yard maintenance...weed and feed, edging and mowing.**
- 3. Trimming of bushes and trees.**

Over all a general cleaning of homes. We will be doing a community inspection on starting April 20, 2023. This gives owners plenty of time to inspect their homes and do repairs.

The pool will have information sent to all from the management company who controls and operates the pool.

Please visit your website at: cascadesatazalealakes.com

**Respectfully yours,
Billy Rivera, CPO, NP
